Update on Tuition and Fees

President Lewis turned the meeting over to Ms. McMurphy. Ms. McMurphy reported that the university plans to hold tuition at current rates for fall 2021/spring 2022. The student union fee is on a step path and will be increasing by \$4.50 per credit hour. Ms. McMurphy reported that there are presently two separate student ID fees and the proposal is to consolidate the ID fees into one fee keeping the overall cost to the student the same. Student housing and meal plans rates are proposed to remain the same for fiscal year 2022 but will likely increase the following year.
