

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Panhandle State University Did Not Meet Monitoring Requirements

Our water system violated drinking water requirements pertaining to the contaminant(s) of concern listed below. Although none of these violations are considered emergencies, as our customers, you have a right to know what happened and what we are doing, or have done, to correct these violations. Customers are not at risk and there is no reason to suspect any potential adverse health effects. Alternative water supplies are not needed.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not your drinking water meets health standards. During the following monitoring periods, we did not monitor or test for the following contaminants, and therefore cannot be sure of the quality of your drinking water during that time:

Type of Sample(s)

Monitoring Period(s)

DISINFECTANT BY-PRODUCT

1/1/2023 To 12/31/2023

What should I do? There is nothing you need to do at this time.

What happened? What is being done? Samples were not tested within the required time period. Samples are now being tested and will be tested timely in the future.

We anticipate resolving the problem by this date: 8/31/2024
